### APPG Meeting 20 July 2022 The Way Forward – Three New Reports Chat Stream

17:16:51	From David Cowdrey : Robert: Do you think Environmental Tariffs (CfD, FiT) on electricity should be moved into General Taxation and keeping ECO within electricity bills? This would benefit those on the lowest incomes? As I was typing Edward has asked the question.
17:18:00	From Kate Mulvany : The document under discussion <a href="https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1091419/review-electricity-market-arrangements.pdf">https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1091419/review-electricity-market-arrangements.pdf</a>
17:25:09	From Chris Webb : great messages from EI - afraid I have to go.
17:29:17	From Gemma Fox : You can read the Energy Institute's Energy Barometer here: <a href="https://www.energyinst.org/barometer/2022">https://www.energyinst.org/barometer/2022</a>
17:29:23	From Juliet Phillips : <a href="https://www.e3g.org/publications/the-home-energy-security-strategy-permanently-lower-uk-bills/">https://www.e3g.org/publications/the-home-energy-security-strategy-permanently-lower-uk-bills/</a>
17:31:38	From Phil Royal : Please indicate here if you would like to ask a question for Nick or Juliet - or raise your hand
17:43:09	From Juliet Phillips : <a href="https://electrifyheat.uk/press-release/race-to-clean-heat/">https://electrifyheat.uk/press-release/race-to-clean-heat/</a> here's the report on what other countries are doing
17:43:48	From Juliet Phillips : And here's the one on jobs and skills: <a href="https://electrifyheat.uk/press-release/bosses-call-for-skills/">https://electrifyheat.uk/press-release/bosses-call-for-skills/</a>
17:43:55	From Stephen Walsh : It was interesting to hear about Home Energy Scotland. Who is a trusted source of information in the rest of the UK (or what could it look like)?
17:45:00	From Juliet Phillips : Hi Stephen - more information on Home Energy Scotland here: <a href="https://energysavingtrust.org.uk/report/home-energy-programmes-delivered-by-energy-saving-trust-in-scotland-2021/">https://energysavingtrust.org.uk/report/home-energy-programmes-delivered-by-energy-saving-trust-in-scotland-2021/</a>
17:45:12	From Estelle Dehon QC : I have a question - why has the government been so resistant to putting in place energy efficiency policies and why is it so opposed to behaviour change (explicitly refusing to endorse behaviour change policies via the Net Zero Strategy, for example)?
17:45:18	From Juliet Phillips : I think independent orgs like Energy Saving Trust and Citizens Advice would be well placed to lead!
17:46:29	From Estelle Dehon QC : Sizewell C has today been granted consent, against the recommendation of the Examining Authority

17:48:07	From Jeremy Nicholson : Sizewell C nuclear plant now has planning permission and clearly has government backing in principle (which won't change with new PM) but significant details remain to be finalised with the RAB-based support mechanism and other aspects of negotiations with EDF (which has its own financial problems right now) so a final investment decision is still some way off.
